TOWN WARRANT FOR 1940

STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Newington qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the twelfth day of March, next, at twelve of the clock, noon, to act upon the following subjects:

1. To choose, in the manner provided by law, a town clerk; one selectman, to hold office for three years; assessors of taxes; overseers of the poor; a town treasurer; a collector of taxes; a superintendent of burying grounds; a janitor of the town hall; auditors; highway agent; a library trustee, to hold office for three years; a trustee of town trust funds, to hold office for three years.

2. To choose measurers of wood; surveyors of lumber; fence viewers; a pound keeper; constables; police officers and all necessary town officers.

3. To bring in your votes for the election of Delegates-at-Large, Alternate Delegates-at-Large, District Delegates, Alternate District Delegates to the National Conventions of the Democratic and Republican Parties to be held for the purpose of nominating party candidates for President and Vice President of the United States.

4. To hear the report of the budget committee, and to act thereon.

5. To see if the town will vote to raise the sum of

Two Hundred Fifty Dollars, as included in the budget, for painting the church.

6. To see if the town will vote to authorize the library trustees to transfer the Langdon and Webster legacies, now held by them, to the town trustees of trust funds.

7. To see if the town will vote to raise the sum of Eighty One Dollars and Twenty Five Cents as one fourth share of the price of fire hose to be used mutually by the towns of Newington, New Castle, Rye and Greenland.

8. To see what sum of money the town will vote to raise and appropriate for all town expenditures, for the year ensuing, (as included in the budget).

9. To see what disposition the town will vote to make of the town land and buildings.

10. To see if the town will vote to authorize the selectmen to administer, or to dispose of, any real estate acquired, or to be acquired, by the town through tax collectors' deeds.

11. To see if the town will vote to authorize the selectmen to hire money on the credit of the town, in anticipation of taxes; and to fix the rate of interest.

12. To see if the town will vote to allow a discount of five per cent, on 1940 property taxes paid on or before the first day of October 1940.

13. To transact such other business as, legally, may come before the meeting.

Given under our hands and seal this twenty sixth day of February, 1940.

PAUL J. BEANE,
ALBERT E. HODGDON,
IRA A. COLEMAN,
Selectmen of Newington.

LIBRARIAN'S REPORT

To the Trustees of Langdon Public Library:

Gifts of books have been received during the past year from L. S. Cox, Genealogy of Cox family of Holderness, including members of the Nutter and Pickering families of Newington.

John F. Hoyt, a book of outstanding verse.

Fannie Pendexter Mathes, Dorothy Josselyn, Richard I. Philbrick, Hetty deRochemont. State Reports, a few from publishers and authors.

Magazine subscriptions from Miss Theodora Lyman and Mrs. Louis deRochemont.

For all gifts and kind cooperation of the Trustees, I thank you.

HATTIE M. GREENOUGH,

Librarian.

		\$7,141.99
Less Dog Tax		159.06
		<hr/>
		\$6,982.93

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newington:

I have the honor, herewith, to submit my tenth report as superintendent of your schools.

A comparison of the statistical tables of the past few years will show a gradual increase in the numbers of our Fall registration. The 1936 enrollment of 60 was followed by 67 in 1937 and by 69 in 1938. This past September there were 70 pupils. The even distribution between the two rooms is in our favor although a pupil load of 34 and 36 respectively is far heavier than the average.

Three attributes are necessary if a school system is to be successful in its important work of preparing future citizens for America—teachers who can and do teach the work assigned them, suitable buildings, equipment and supplies to enable them to work to their maximum efficiency, and a businesslike administration by which money is spent wisely. To our children the teachers are the most important of these three. They must so understand the children that they can impart to each, from his own viewpoint, the definite knowledge, through the current year. That our teachers are doing this is constantly proven by the results of standardized tests given, usually twice a year. These tests are identical with those given in a large majority of schools throughout the country. They are written by no local person.

One reason for our standing is the comparatively long period of service of our teachers in our own schools. Teachers entering new schools are unfamiliar with the work and the methods used in previous years and grades and unacquainted with the pupils, their parents and their homes. I was interested to note that, in Newington during the past eight calendar years there has been no change in the teaching staff. This contrasts with the eight preceding

years when twelve different teachers were employed. Some of these resigned during the school year.

Once again the schools of Newington are approved by the State Board of Education and assigned state aid. The amount received for the year 1938-1939 was \$423.19. That of the current year will be \$371.50. This reduction is due to the increased number of towns asking for aid and the limit of money available. The per pupil cost for the elementary schools of the district is \$64.62. The median cost for all the schools of New Hampshire is placed at \$81.07 by the State Board of Education. This low figure is partly due to the fact that both our rooms are filled to near capacity.

Teachers must have good material and equipment with which to work. As increasing and more accurate knowledge of the child's mind becomes available, the methods of instruction, the order of presentation of material and the introduction of new subjects make necessary new equipment. In the smaller towns we are not financially able to discard old books and equipment until they are beyond use. The life of the average text book in daily use is considered to be four and one half years. Newington has done far better than that since, after nine years we are just able to report completely replaced books. We have also added to our text book supply until we are now reasonably well equipped with readers, arithmetics, geographies and English books. It is in the primary grades that we have taken especial care of reading. During the past year sixteen different primers and first grade books were read by the average first grade pupil. We believe this a decided step in advance of the years when two or three was the rule.

The old arithmetic texts have been completely replaced in all grades. New geography books have been purchased and geography workbooks added. New and revised English, grammar and elementary science books are in use in the upper grades. This modernization has taken place at

a yearly cost of about \$1.40 per pupil. The average per pupil cost for text books throughout the state during these years was approximately \$1.50.

A school always takes pride in the success of its graduates in advanced institutions. We are all pleased that John Hamilton has received recognition at the hands of his present classmates. To be recognized as a leader among one's associates is an honor accorded few people. As president of the Senior Class of Portsmouth High School, as a successful athlete on football and baseball teams and as a boy who has the respect of fellow students and faculty alike, he has brought credit to his town, his parents and himself.

The Newington Parent-Teacher Association is furnishing a common ground of acquaintance and understanding with teachers and parents. It should obtain the support of all friends of the school. Its influence can be strong for the welfare of our children in proportion as it is supported by the citizens. I bespeak the active support of all people interested in the future welfare of our town.

The report of Mrs. Sheehy, our school nurse will be found herewith. She has worked faithfully for the health of our children both while in school and out. The summary of her stewardship gives a clear picture of her work. Mrs. Poore remains an inspiration and help to our pupils in her music work.

The Motor Vehicle Department of New Hampshire issued on November 1, 1939 the new regulations controlling school transportation vehicles. These are in effect until July 1, 1940, when further regulations become effective. These will materially change the transportation situation in Newington. They will require that our present bus be displaced. It will necessitate a decision as to whether a larger bus be operated or fewer children carried. The school law requires that all children living over two miles from the school be transported. There are few of these in New-

ington. It is becoming customary to carry children living much nearer than the legal limit—in fact most towns in this union carry some children within one mile of the school. This matter will have to be considered fully by you as a board. It may necessitate more money for transportation but the parents will be assured that their children will be protected as fully as possible in the midst of a world becoming yearly more complex.

You, as a board, have been ever watchful of the welfare of the children entrusted to your care. You have been helpful to me in my duties as superintendent. This I fully appreciate.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

REPORT OF SCHOOL BOARD

We herewith submit an annual report of the School Board.

Our Superintendent, Roy W. Gillmore, is still rendering excellent service and is very efficient in his work, taking much interest in the welfare of the children.

We believe that our teachers, Margaret Pickering, the four lower grades, Marion Kenison, the four higher grades, have been thoroughly competent to give the needed **instruction** and faithful in the performance of their duties. Their personal influence has been such as to win the confidence and respect of the scholars and inspire a real interest in learning.

Evidence of their success and of the prosperity of the school are seen in the quiet orderly manner in which the school has been conducted.

Mrs. Mary Poore, our musical instructor has carried on with the same devotion and enthusiasm, with continued success. Mrs. Eloise Sheehy our school nurse is always watchful of the health of our children, her influence and teaching are showing good results.

We have been fortunate in having very little sickness and no epidemics.

We engaged Mrs. Edith Gaudreau in April for the remainder of the year, as part-time teacher.

To give our children the right kind and amount of training in our school we ask that every parent cooperate with us by sending their children to school regularly and punctually with clean bodies and clean clothes insofar as the influence of the parent can make it, with the right attitude toward the school and teachers.

Respectfully submitted,
HELEN V. COLEMAN,
J. MANNING HOYT,
MARION R. SPINNEY,

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, the School Board of Newington, New Hampshire:

Following are the health activities in the Newington schools from January 1, 1939 to January 1, 1940.

Number of pupils examined for physical defects	73
Pupils found to have defective vision	7
Pupils to have defective tonsils	2
Pupils found to have defective teeth	63
Pupils who had vision corrected	5
Pupils who had dental treatment	34
Pupils who had tonsilectomies	1
Total number of visits to school	23

Pupils were weighed and measured in the Fall, Winter and Spring terms.

A large dental clinic was held in the school building.

All pupils are vaccinated against small pox and many are inoculated against diphtheria.

Many children have poor teeth which is the result of not making yearly visits to their dentist, lack of daily brushing and unbalanced diet.

I take this opportunity to thank our Superintendent of Schools, Mr. Gillmore, the School Board, the Teachers and the people of Newington for their cooperation and help in my work.

Respectfully submitted,

ELOISE B. SHEEHY, R. N.

February 8, 1940.
